

CONSTRUCTION PIPELINE TREND REPORT

The United States

Lodging Econometrics' **Construction Pipeline Trend Report for the United States** presents an unparalleled review of hotel real estate and development activity for the country as a whole and for its major markets. This macro-overview of development is invaluable to executives who need the most current Construction Pipeline totals and a Three-Year Forecast for New Hotel Openings to assess supply growth for their strategic planning and decision-making purposes.

Compiled from LE's up-to-the-minute New Construction and Development Pipeline Databases, the Construction Pipeline Trend Report encapsulates all US lodging development activity, with hotel project and room counts for:

- Two years of Prior Hotel Openings with Supply Growth Rates
- Current supply counts for Open and Operating Hotels (Census)
- Construction Pipeline by stage (Under Construction, Starts in the Next 12 Months, Early Planning)
- LE's proprietary Three-Year Forecast for New Hotel Openings with projected Supply Growth Rates

Available as an annual subscription with four quarterly updates, this authoritative portfolio of summary tables, charts and graphs provides an executive-level strategic perspective of new construction activity, with views for:

- 10-Year Trends
- Chain Scale
- Pipeline Metrics, including Brand Affiliation, Location and Hotel Size
- The Top 25 and Other Selected Markets
- Region and State
- Leading Companies and Brands

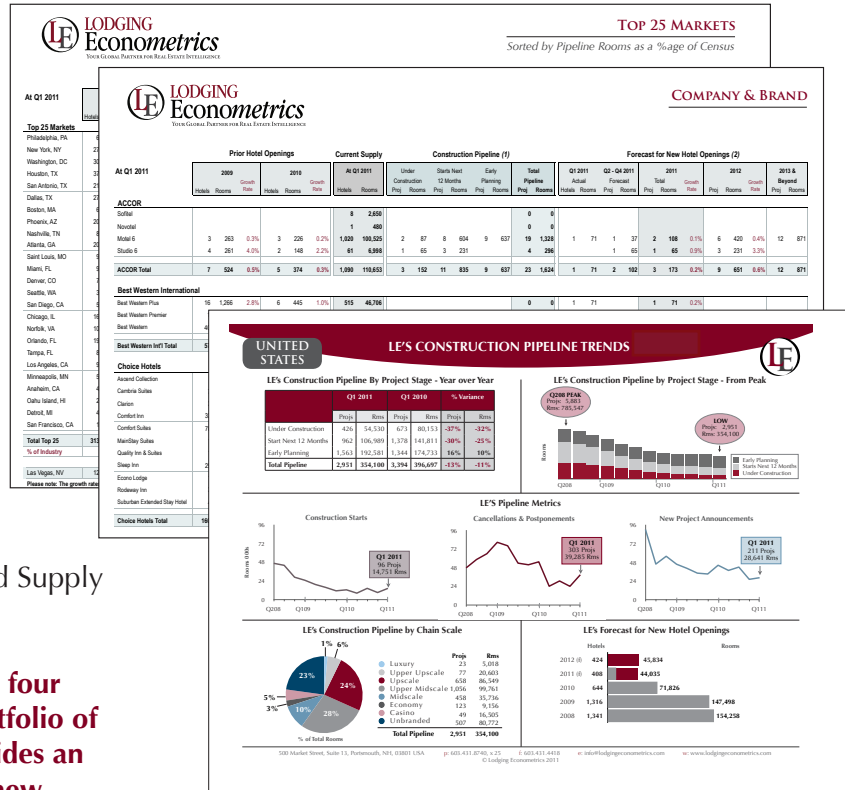

The report also includes a full suite of charts and graphs, illustrating recent Construction Pipeline trends, along with LE's renowned quarterly **Executive Summary**, providing the latest commentary and analysis on Construction Pipeline activity from LE's roster of global real estate specialists.

Inform your corporate strategic planning, market analysis, investment decision-making, and due diligence with the most accurate lodging development overviews available.
